Experience	6+ Years
Work Location	100% Remote / Work from Home

Job Description

We are looking for someone who is an expert in UI design and front-end development to join our team. You will be a natural in coming up with elegant solutions to improve our application, and in developing on modern java script frameworks, in particular Vuejs.

Responsibilities

- ✓ Come up with UI and UX strategies based on our target goals.
- ✓ Create and maintain digital assets, such as interface design files, wireframes, and interactive mock-ups using design and prototyping tool (Figma currently in use)
- ✓ Design, build, and maintain highly reusable JavaScript, HTML and CSS code.
- ✓ Understand the limitations of our tech stack and business model and provide technical advice wherever necessary.

Skills

- ✓ 5+ years' experience as a front-end developer.
- ✓ 3+ years' experience as a UI/UX designer.
- ✓ A portfolio that demonstrates both JavaScript proficiency and understanding of SOLID design principles (plugins, node packages, etc.).
- ✓ Expert knowledge of CSS, CSS extension languages (Less, Sass), and CSS preprocessor tools.
- ✓ Expert knowledge of HTML5 and its best practices.
- ✓ Expert knowledge of GraphQL
- ✓ Proficiency in designing user interfaces and experience building clickable prototypes using prototyping tools
- ✓ Proficiency using Git version control.
- ✓ Proficiency using the command line.
